The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the fact that the IAEA is cooperating in the organization of the **Fifth International Symposium on the Ocean in a High-CO<sub>2</sub> World** to be held in Lima, Peru, from **7 to 10 September 2020**.

Attention is specifically drawn to the nomination deadline and other dates indicated in the attached announcement for the event. Enquiries about details of the programme, registration and hotel accommodation should be addressed to the organizers at the address mentioned in the announcement.

The Secretariat has limited funds at its disposal to help meet the cost of attendance at the event for selected participants mainly from Member States eligible to receive technical assistance under the IAEA's technical cooperation programme. Applications for grants should be sent to the IAEA Secretariat and can only be considered if they are submitted in accordance with the attached *Procedure for Requests for Financial Support for Participants from Member States Eligible to Receive Assistance under the IAEA's Technical Cooperation Programme*.

Requests for further information concerning scientific aspects of the event may also be addressed to the IAEA Scientific Secretary for this symposium, Ms Marine Lebrec, IAEA Environment Laboratories, Department of Nuclear Sciences and Applications, IAEA, 4a Quai Antoine 1er, 98000 Monaco (Tel.: +377 97 97 72 57; Fax: +377 97 97 72 73, Email: [M.Lebrec@iaea.org](mailto:M.Lebrec@iaea.org)).

Member States are requested to inform prospective participants that, if they require a visa to enter Peru, they should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of Peru.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.

**Cooperation of the IAEA's Ocean Acidification  
International Coordination Centre in the  
Fifth International Symposium on the Ocean in a  
High-CO<sub>2</sub> World**

Ref: EVT1902494

**Announcement**

**Dates and Venue:** 7–10 September 2020  
Maria Angola Hotel and Convention Centre, Lima, Peru

**Conference Website:** <http://www.highco2-lima.org/>

**Deadline for  
Nominations:** 6 March 2020

**Contact Point:** Mr Wilmer Carbajal Villalta  
Chair, Local Organizing Committee  
Email: [wilmer@highco2-lima.org](mailto:wilmer@highco2-lima.org)

**Language:** English

**Background  
Information:** Held every four years, the **International Symposium on the Ocean in a High CO<sub>2</sub> World** is the largest international ocean acidification gathering. The fifth symposium is expected to attract more than 500 scientists in the field. It will maintain the traditional focus of the four previous symposia and will look at ocean acidification and the associated impacts on marine organisms, ecosystems, and biogeochemical cycles, as well as the implications for society. Ocean acidification will be considered in combination with other global changes, such as ocean warming and deoxygenation. A detailed programme can be found on the Symposium website (<http://www.highco2-lima.org/>). The IAEA's Ocean Acidification

International Coordination Centre (<http://www.iaea.org/ocean-acidification>) will support the attendance of selected participants from eligible Member States to present their work and foster international collaboration.

**Selection Criteria:**

Grants are available for approximately 20 scientists from developing IAEA Member States who are working on ocean acidification. Applicants should hold a university degree in marine biology, oceanography or a related scientific field. The selection process will be coordinated with the selection process for poster and oral presentations at the symposium. Only applicants with an accepted abstract for an oral or poster presentation will be considered for IAEA funding.

**Nomination Procedure:**

Nominations should be submitted using the attached Grant Application Form. The completed form should be endorsed by relevant national authorities and sent to the IAEA through the established official channels. Applications must be received by the IAEA not later than **6 March 2020** for the attention of the IAEA Scientific Secretary of the Symposium, Ms Marine Lebrec, IAEA Environment Laboratories, Department of Nuclear Sciences and Applications, IAEA, 4 Quai Antoine 1er, 98000 Monaco (Tel.: +377 97 97 72 57; Fax: +377 97 97 72 73 Email: [M.Lebrec@iaea.org](mailto:M.Lebrec@iaea.org)). Nominations should also be copied to the Administrative Secretary of the symposium, Ms Hasti Dessa (Email: [H.Dessa@iaea.org](mailto:H.Dessa@iaea.org)). Nominations received after this date or that have not been sent through the established official channels cannot be considered.

**Administrative and  
Financial  
Arrangements:**

Nominating Governments will be informed in due course of the names of the candidates who have been selected and will, at that time, be given full details of the procedures to be followed with regard to administrative and financial arrangements. Selected participants will be provided with travel and subsistence expenses.

The organizers of the symposium do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from, or attending, the symposium, and it is clearly understood that each Government, in nominating participants, undertakes responsibility for such coverage. Governments would be well advised to take out insurance against these risks. Participants should also make their own arrangements for passports, visas and vaccinations.

# Procedure for Requests for Financial Support for Participants from Member States Eligible to Receive Assistance under the IAEA's Technical Cooperation Programme

Fifth International Symposium on the Ocean in a High-CO<sub>2</sub> World

7–10 September 2020

Lima, Peru

The International Atomic Energy Agency (IAEA) has limited funds at its disposal to help meet the costs of attendance at the symposium by selected specialists from Member States eligible to receive technical assistance under the IAEA's technical cooperation programme. Generally, not more than one grant will be awarded to any one country.

If Governments wish to apply for a grant on behalf of one of their specialists they should address specific requests to the Scientific Secretary of the event to this effect. Governments should ensure that applications for grants are:

- Submitted by **6 March 2020**
- Accompanied by a duly completed and signed Grant Application Form (as attached) giving detailed information on the scientific qualifications of the candidate and sent through the competent official authority

Applications which do not comply with the above conditions cannot be considered.

The grants awarded will be in the form of a lump sum, usually covering part of the cost of attendance.

Address for applications for grants:

Scientific Secretary  
Ms Marine Lebrec  
International Atomic Energy Agency  
Environment Laboratories  
4 Quai Antoine 1er  
98000 MONACO

# Grant Application Form

## Fifth International Symposium on the Ocean in a High-CO<sub>2</sub> World

Lima, Peru

7–10 September 2020

To be sent to competent official authority (Ministry of Foreign Affairs or National Atomic Energy Authority), for transmission to the IAEA Environment Laboratories, 4 Quai Antoine 1er, 98000 Monaco (Email: [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org) Fax: +377 97 97 72 73). Please also send a copy by email to the Scientific Secretary [M.Lebrec@iaea.org](mailto:M.Lebrec@iaea.org) and to the Administrative Secretary [H.Dessa@iaea.org](mailto:H.Dessa@iaea.org).

To be completed only by participants from developing countries on whose behalf a grant is requested.
